 **“Nearly everyone agrees that quality matters...”**  
Listen to what our clients say...

“We have evaluated demos/trials of a few vehicle tracking companies in Saudi Arabia. Our search for a reliable fleet management system ended the moment we found AVLView fleet automation. The software is powerful and the website is awesome.

**Mostafa A Abbas**, IT & Telecom Support, Halwani Bros

“‘Supplies delivered to clients on time’ is the most decisive factor in our business. It means, vehicle breakdowns/driver irresponsibilities could easily break our reputation. With fleet automation, we know how our fleet/drivers are performing now. Periodic alerts on vehicle maintenance help us in keeping our fleet fit for the road and be on time, every time. No more breakdowns or cancelled deliveries.

**Muhammed Babu**, Aliya Foods

“We feel more relaxed these days. ‘Trip Schedule’ feature helped us tremendously to plan our day-to-day goods delivery on time. We never thought a new technology such as this is so easy to use.

**Sayyid Faizal**, GM, Thai Group

“Excellent control over drivers by real time monitoring on harsh driving habits. Improved customer satisfaction through timely services being an added value for our business. Thanks AVLView team.

**William**, Store Executive, Melam
